8. When Janeth Kaseba prepared her business trial balance on 31st December 2025 the totals failed to agree. The total of the debit column was TZS 191,670, whereas the total of the credit column was TZS 176,970.

The accounting records were checked and the following errors were discovered:

(i) The receipt of TZS 8,300 from a trade receivable, T. Ranjit, had been correctly entered in the cash book but had not been posted to the trade receivable account.

(ii) The total of general expenses analysis column in the petty cash book, TZS 400, had not been posted in the general ledger.

(iii) A cheque for TZS 7,800 in payment of the supplier, K. Samson, had been entered in the accounts as 8,700.

(iv) The total of the purchases returns journal, TZS 6,800, had not been posted to the purchases returns account.

(v) A payment by cheque for insurance, TZS 3,500, had been debited in the cash book and credited to the insurance account.

Required;

(a) Prepare the journal entries necessary to correct the above errors (ignore narration).

(b) Write up a suspense account.

9. A trial balance of Dawson failed to agree as at 31st March 2019. The following errors were found in the accounting system.
   (i) The total of the sales day book for December 2018 had been overstated by TZS 12,000.
   (ii) In January 2019 some new office equipment had been purchased for TZS 36,000; this had been debited to the purchases account.
   (iii) A payment by cheque to a creditor, TZS 21,600, had been entered in the books as TZS 26,100.
   (iv) A credit note for TZS 3,700 sent to a debtor had been overlooked.
   (v) The owner had withdrawn a cheque for TZS 8,000 for private use in October 2018; both the bank and drawings account had been credited with this amount.

   Required:

   (a) Prepare Journal entries to correct each of these errors. (Narratives are NOT required.)
   (b) Prepare the suspense account and use it to find the difference in the trial balance.
