THE PRESIDENT'S OFFICE

REGIONAL ADMINISTRATION AND LOCAL GOVERNMENT

ARUSHA REGION TERMINAL EXAMINATION - MAY 2025

FORM ONE

SUBJECT CODE: 065 **BIOLOGY,** **Time: 2:30Hours**

---

1. For each of the items (i) -(x), choose the correct answer from among the given alternatives and write its letter in the box provided.

(i) ……is one of characteristic of living things enables you to get older

(a) Nutrition
(b) Growth
(c) Movement
(d) Excretion

(ii) Which of the following fields of study is NOT related to Biology
(a) Agriculture
(b) Astrology
(c) Medicine
(d) Nutrition

(iii) Which of the following is a reason for studying Biology?
(a) Biology helps us to appreciate and improve nature.
(b) Biology deals with non -living objects in our environment.
(c) Biology enables us to pollute the environment.
(d) Biological research contributes to the development of low-yielding breeds of crops.

(iv) The branch of Biology that deals with microbes is called:
(a) Zoology
(b) Microbiology
(c) Botany
(d) Cytology

(v) Which of the following is one the main branches of Biology?
(a) Sociology
(b) Agriculture
(c) Anthropology
(d) Botany

(vi) One of the following is NOT a component of the cell theory:
(a) All living things are composed of cells.
(b) All cells are produced from other cells.
(c) All cells are basically similar in chemical composition.
(d) All life processes take place outside the cells

(vii) Which of the following is the functional unit of life?

(a) Tissue
(b) Cell
(c) Organ
(d) System

(viii) One of the following is NOT a characteristic of Prokaryotic cells.

(a) They have no nuclear membrane
(b) They reproduce by binary fission
(c) They have circular DNA
(d) They have mitochondria

(ix) Which of the following organism has differentiated cells?

(a) Bacteria
(b) Amoeba
(c) Plants
(d) Paramecium

(x) Classification is the grouping of organisms based on

(a) Their similarities and differences.
(b) Similarities only
(c) Differences only
(d) Similarities based on morphology

(xi) Artificial system of classification

(a) Considers external features only
(b) Considers both internal and external features
(c) Requires advanced scientific skills
(d) More accurate

i	ii	iii	iv	v	vi	vii	viii	ix	x

2. Write TRUE for a correct statement and FALSE for an incorrect statement in the space provided.

(a) Artificial system of classification is based on few observable features……
(b) The process of sorting living things into groups is called classification…….
(c) Organisms of the same species exhibit a low degree of similarities……
(d) The lowest rank in classification is the genus……..
(e) Classification is based on similarities and on differences among organisms……..

SECTION B

3. Define the following term.

   (a)Classification ……

   ……

   ……

   ……

   .

   (b)Taxonomy……

   ……

   ……

   ……

   .

4. Why is classification important? (two reasons)

   ……

   ……

   ……

   ……

5. What are the differences between natural and artificial classification?(Three reasons)

Artificial classification	**Natural classification**

6. Photosynthesis involves two stages, namely the ……and ……

7. Mention any two sources of sulphur in plants.

   ……

   ……

8. Write down any

   (i)Four macro elements

……, ……,

……, ……

(ii)Four microelement

……, ……

……, ……

SECTION C

9. (a)What is the meaning of the word photosynthesis?

……

……

(b)Describe the internal structure of a leaf
