.....

(ii) Commerce ..... .

.....

(b) Explain the importance of studying weather forecasting

i. .....

ii. .....

iii. .....

iv. .....

v. .....

4. Carefully study the climatic characteristics of station X and answer the questions that follow:-

Climatic characteristics

- ❖ Annual range of temperature is very small about 2°C
- ❖ Total rainfall ranges from 1500mm to 3000mm per year with no dinstict dry
- ❖ The type of rainfall is convectional rainfall accompanied by lighting and thunderstorms
- ❖ High humidity through out the year

Student's Name: ……

Questions

i. Identify the type of climate in the station

....

ii. List any three (03) crops which can be grown in the station

(a).....

(b).....

(c).....

iii. In which part of Africa this climate is found?

(a).....

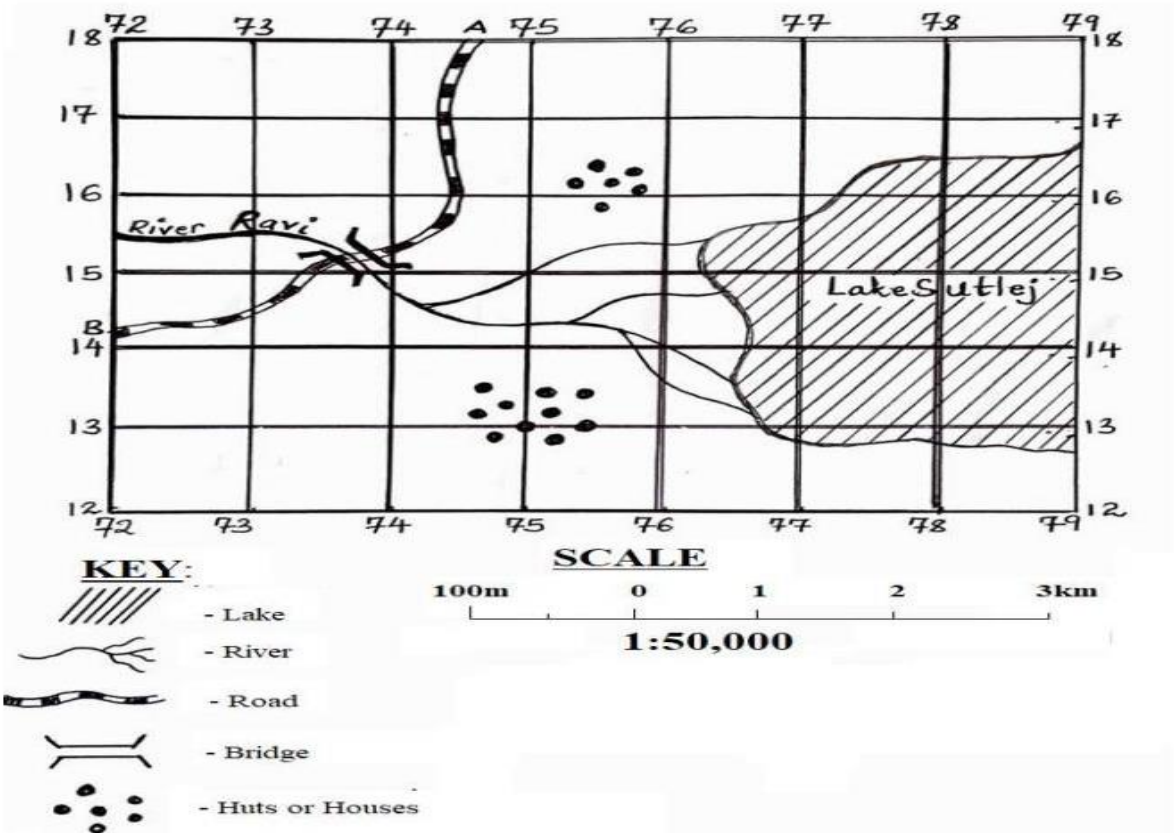

(b).....

iv. Mention two (02) main activities taking place in this station

.....

…….....

5. Study carefully the sketch map below and then answers the question that follow.

Questions

(a) Calculate area covered by lake sutlej in kilometer square

(b) Measure the length of road from point A to point B (Answer in km)

(c) Mention two (2) economic importance of the feature found eastern side of the map.

(i). .....

(ii). .....

d) Identify the feature found at grid reference 750130

The feature is .....

e) Name two (02) man made features shown on the map.

(i).....

(ii).....

6. The form one students debates on the ability to be allowed by the headmaster to drop geography subject because they think that it is useless. As a form two student, tell the form one, the benefits of studying geography.
   i. …….
   ii. …… ……..
   iii. ……..……
   iv. …… …….
7. (a) What is solar system?……
   ……
   (b) Outline four uses of solar energy
   i. …….
   ii. …… ……..
   iii. …… ……
   iv. …… ……..
   (c) Outline four contribution of solar energy in environment conservation
   i. ……..…
   ii. ……..
   iii. …….
   iv. …….
8. (a) What is International Date line?……
   ……..
   (b) Outline four important latitude with their degrees except equator
   i. ……
   ii. ……..
   iii. …….
   iv. ……
   (c) Mention four importance of latitude and longitude
   i. ……..
   ii. ……..
   iii. …… ……
   iv. ……..
9. (a) With examples, explain the following types of mountains
   i. Fold mountain
      ……..…
      ……..…
   ii. Volcanic mountain
      ……..…
      ……..……
   iii. Residual mountain
      ……
      ……..……
   (b) Draw a well labeled diagrams of sea breeze and land breeze

SECTION C (30 MARKS)

Answer only one question in this section

10. With examples, explain the factors which affecting the temperature of a given area (six points).
