SECTION B (54 Marks)

A candidate is required to answer **all** questions in this section.

3. A candidate is required to briefly explain the given concepts.

Responses:

(i) **Evolution** refers to the gradual process through which man has changed and developed from earlier forms over millions of years.

(ii) **Microliths** were small stone tools, usually made of flint or chert, that were use during the old Stone Age and were often attached to wood or bone to form weapons or tools.

(iii) **Engaruka** is an archaeological site in northern Tanzania known for its ancient irrigation and farming systems, believed to have been developed by early African agricultural communities.

(iv) **Bipedalism** was a stage of human evolution whereby humans started walking on limbs.

(05 items @ 02 Marks = 10 Marks

4. A candidate is required to arrange the given statements in a chronological order.

Responses:

1st	2nd	3rd	4th	5th
(iii)	**(i)**	**(iv)**	**(ii)**	**(v)**

(05 items @ 02 Marks = 10 Marks)

5. A candidate is required to briefly answer the given questions;

Responses:

(a) Initiation was important among the Maasai because:

(i) It marked the transition from childhood to adult to adulthood.

(ii) It prepared initiates for responsibilities such as marriage, herding and defending the community.

(b) The Nyakyusa practiced age-set organization in order to prevent overpopulation in small areas.

(c) A successful Ntemi was the one with many people under him.

(d) The following were the features of centralized states in Pre-colonial Africa:

(i) They had a central ruler known as king or chief.

(ii) The political leadership was hereditary.

(iii) They had clearly defined territorial boundaries.

(iv) Political power and authority was concentrated in the ruler.

(Consider any two (2) relevant features)

(e) Among the matrilineal societies uncles made all important decisions concerning children.
(05 items @ 02 Marks = 10 Marks)

6. A candidate is required to differentiate the given historical terms.
Responses:
(i) **Shaka Zulu** was a powerful Zulu leader in South Africa who reformed the military and expanded his empire through warfare **while Zwangedaba** was a Ngoni leader who fled Shaka's rule and led his people on a long migration into central and eastern Africa.
(ii) **Oriki music** was a Yoruba praise poetry or chart used to honour individuals and ancestors **on the other hand**, **Vodoo** was a spiritual and religious practice, mainly in Benin, which involved rituals and ancestral worship.
(iii) **Assegai** was a short-stabbing spear used by the Zulu and Ngoni warriors **whereas, Cow-horn techniques** was a military technique used by the Zulu and Ngoni where warriors attacked in a curved horn-like formation.
(iv) **Mfecane** was a period of chaos and wars in Southern Africa during Shaka's reign, which led to Ngoni migration **whereas, Ngoni migration** was the movement of the Ngoni people from South Africa to Central and Eastern Africa due to the Mfecane.
(v) **Indunas** were the Zulu chiefs or commanders who advised kings and led warriors **in contrast, Scorched-earth** technique was a military strategy of destroying anything useful to the enemy, such as crops and shelters during retreat or attack. It was used by the Ngoni against their enemies.
(05 items @ 02 Marks = 10 Marks)

7. (a) A candidate is required to explain the concept "early contacts"
Response:
Early contacts refer to the interaction between pre-colonial African societies with traders from other parts of the world, mostly from the Middle East and the Far East. **(02 Marks)**
(b) A candidate is required to outline **four (4)** motives of the early contacts.
Responses:
(i) To conduct trade
(ii) To spread Islam
(iii) To explore the African continent
(iv) To do adventure
(04 points @ 02 Marks = 08 Marks)

8. (a) A candidate is required to define Kaffir wars.

Response:

Kaffir wars refer to conflicts and a series of wars between the Dutch and the local people especially the San and Khoikhoi in South Africa.

(02 Marks)

(b) a candidate is required to explain **four (4)** factors which led to the outbreak of the Kaffir wars.

Responses:

(i) **Land dispossession**

The Dutch forcefully took land from the Khoisan, leading to tensions and resistance.

(ii) **Cattle raiding**

Frequent cattle confiscation and thefts between the Khoisan and the Khoisaa created continuous conflicts.

(iii) **Dutch expansion**

The Dutch expanded their control into Khoisan territory, threatening traditional authority and livelihoods.

(iv) **Cultural differences**

Misunderstandings and disregard for Africa customs by the Dutch created hostility.

(v) **Military aggression**

The Dutch used military force to subdue African resistance. This provoked retaliation and prolonged wars.

(03 points @ 02 Marks)

9. A candidate is required to draw a sketch map of Tanzania, then locate areas where the given feudal relations existed.

Key:

(i) Ubugabire - Buha
(ii) Ntemiship - Sukuma land/Nyamweziland
(iii) Umwinyi - Zanzibar Island.
(iv) Nyarubanja - Buhaya/Karagwe

MARKS ALLOCATION

Drawing the Map – 01 Mark
Locating places – 02 marks @ x 4 = 08 Marks
Key – 01 Marks
Total Marks: 10 Marks

SECTION C (30 Marks)

A candidate is required to answer question **ten (10)**

10. A candidate is required to explain **six (6)** factors that led to the transition from communalism to other modes of production among pre-colonial African societies.

INTRODUCTION

In this part, a candidate is required to give relevant explanation about communalism/primitive communalism. For example:

Communalism was the first mode of production which was based on collective ownership of the means of production and equal distribution of the gains. Under communalism, people lived and produced goods and services collectively. It developed when people began to live in communities many years ago. All human societies passed through the communal mode of production. Some of the African societies like the Hadzabe and Sandawe of Tanzania still live and practice communalism.

MAIN BODY

In this part a candidate is required to explain six (6) factors for the transition from communalism to other modes of production among pre-colonial African societies.

Sample points:

(i) Improvement of science and technology
(ii) Population increase
(iii) Development of trade
(iv) The rise of social classes
(v) Development of agriculture
(vi) Increased conflict and wars
(vii) Development od states

CONCLUSION

A candidate is required to give his/her general comment/remark on what he/she has discussed above.

MARKS ALLOCATION FOR QUESTIONS 9-11

- Introduction – 02 marks.
- Main body – 6 points @ 2marks = 12 marks.
- Conclusion – 01 mark.

Total Marks 15 Marks
