THE PRESIDENT'S OFFICE
REGIONAL ADMINISTRATION AND LOCAL GOVERNMENT
FORM TWO JOINT EXAMINATION FOR GOVERNMENT SCHOOLS –JEGOS

PRE-MOCK EXAMINATION

013 GEOGRAPHY
MARKING SCHEME 2024

SECTION A (15 Marks)

1.

Qn	i	ii	iii	iv	v	Vi	vii	viii	ix	x
Answer	A	C	D	A	B	A	A	D	C	B

1 mark@= 10 marks

2.

Quation	i	ii	iii	Iv	v
Answer	C	D	A	G	H

1mark@=5marks

SECTION B (70 Marks)

3. a) Small holder farmers, are all farmers who cultivate to the small area of land just for food.

WHILE

WHILE

Perihelion, is the nearest position from the sun in the orbit of the earth

d) Isohels, are the lines drawn on a weather map with the same amount of sunshine

WHILE

Isobars, are the lines drawn on a weather map with the same pressure

2marks@=8marks

4. a)(i)The station should be kept in the open space where there is free flow of air
(ii)The area should be away from building, trees and any other highest structure
(iii) The ground should have the short grass
(iv) The station should be kept in a fence with a gate
(v) The land surface should be level or with very gentle slope
(vi) The ground should not retain water during and after rains and should be free from floods 1mark@= 6 marks

b) (i) temperature
(ii) Human activities
(iii) Aspect
(iv) Vegetation cover
(v) Rainfall
1mark @=5marks

5 a) The climate of the station is EQUATORIAL CLIMATE (2 marks)
b) The annual mean temperature
Soln

$$\text{A.M.T} = \frac{\text{sum of the temperature recorded in year}}{\text{Number of months}}$$

$$\text{A.M.T} = \frac{(28+26.5+26+27+24+24+26+23+24+23.5+25+23)}{12} \quad \text{(1 mark)}$$

$$\text{A.M.T} = \frac{300°\text{C}}{12}$$

A T.M=25°C
The annual mean temperature will be 25°C. (1mark)
c) Total annual rainfall
T.A.M =sum of all recorded rainfall in the year
= 150+175+378+325+75+50+100+130+40+60190+250. (1mark)
=1923mm
Therefore, total annual rainfall will be 1923mm. (1mark)
d) The annual range of temperature
A R = High temperature - low temperature. (1mark)
=(28-23)°c
=05°c.
The annual range of temperature will be 05°c. (1mark)
e)(i) Heavy rainfall through out the year
(ii) Heavy humidity through out the year
1mark@= 2marks
f) Economic activities include
(i) Agriculture
(ii) Tourism
(iii) Lumbering/Forestry

(iv) Trade and any other relevant activities. 1mark @=4 marks

6. a)The types of scale according to size is medium scale that is because have the medium denominator. (2marks)

b) The statement scale

1:50000

1km=100000cm (1mark)

x =50000cm

100000cm × x=1km × 50000 cm

100000cm 100000 cm

$x = \frac{5\ km}{10}$ (1mark)

X=0.5km~1/2km

One centimetre on the map represent half kilometre on the actual ground. (1mark)

c) Symbol

1mark

Represent swamp

Sign

TC

1mark

Represent trading centre.

d) (i) place name

eg, Dodoma,kibaha,and dar es salaam. (1mark)

(ii) longitudes and longitudes

eg Dar es salaam is located on latitude 7°S and longitude 39°E

And other related methods (1mark)

e)Example of maps representing the medium scale are

(i) Maps of districts

(ii)Maps of regions

(iii) maps of cities 1mark @=3 marks

7 a)(i) Tourism contribute to the growth of domestic product (GDP)

(ii) Tourism help to improve other sectors such as health, education, water supply , Agriculture and transport

(iii) Tourism contribute to the creation of employment opportunities among Tanzanians

(iv) Tourism facilitate to development of infrastructure

(v) Tourism is the source of foreign currency

1mark@=5 marks

b)(i) poor advertisement
(ii) Shortage of fund
(iii) Poor transport and communication
(iv) Poor coordination between the government and non-government organization
(v) poor science and technology 1mark@=5marks

8. (a) (i) circumnavigation of the earth
(ii) Lunar eclipse
(iii) Ships visibility
(iv) Aerial photography. 1mark@=4 marks
(b)(i) Energy is used to dry clothes
(ii) is the source of vitamin D
(iii) Help in photosynthesis
(iv) enable in rain formation
(v) used to dry meet and some vegetables
(vi) sources of electricity 1mark@=6marks

9 (i) Long distance to water resources course tired of girls
(ii) Long distance to water resources can course to pregnance to girls
(iii) poor and low income in the societies
(iv) Limit women's participation in production economic activities
(v) Lack of time to play,this can course the psychological problems
1mark@=5marks

SECTION C (15 Marks)

10. (i) low level of science and technology
(ii) shortage of capital
(iii) poor provision of good seeds and fertilizer
(iv) climatic condition
(v) pests and diseases
(vi) shortage of knowledge 2marks@
