PRESIDENT'S OFFICE

REGIONAL ADMINISTRATION AND LOCAL GOVERNMENT – RALG

COAST REGION

REGIONAL FORM FOUR SECONDARY EDUCATION MOCK EXAMINATION 2024

GEOGRAPHY
MARKING SCHEME

SECTION A (16 Marks)

wazaelimu.com

1.

i	ii	iii	Iv	v	vi	vii	viii	ix	x
B	A	A	E	A	D	A	A	C	A

10 Marks

2.

LIST A	i	Ii	iii	iv	v	vi
LIST B	G	E	B	H	I	A

06 Marks

3.

a) Topographical Map.
Evidences; -Presence of physical features like rivers, hills and valleys and man-made features like roads, buildings and railway. ---------- **(1mark)**

b) Full square = 52
Half square = 08
Total square = $52+^{8}/_{2} = 56$
$1km \times 1km = 1km^2$
$1km^2 \times 56 = 56km^2$
Therefore area of eastern of the grid line 560 is $\underline{56km^2}$ ---------- (**3marks**)

c) Distance from grid reference 487220 to 567195 = 11.5cm
Turnback 11.5cm x 2=23cm
Distance = 23cm on the map
Map scale; 1:50,000 or 1cm to $^{1}/_{2}$ km on the ground
$1cm=^{1}/_{2}$ km
23cm= ?
$\frac{23cm \times {}^{1}/_{2}\ km}{1cm} = 11.5km$

Therefore the distance of the road is **11.5km** ……(**2marks**)

d) The main dominant type of settlement pattern is LINEAR SETTLEMENT PATTERN ……...(**1mark)**

e) FACTORS;
- Presence of water bodies like rivers
- Social services like education due to presence of schools ……(**2marks)**
-

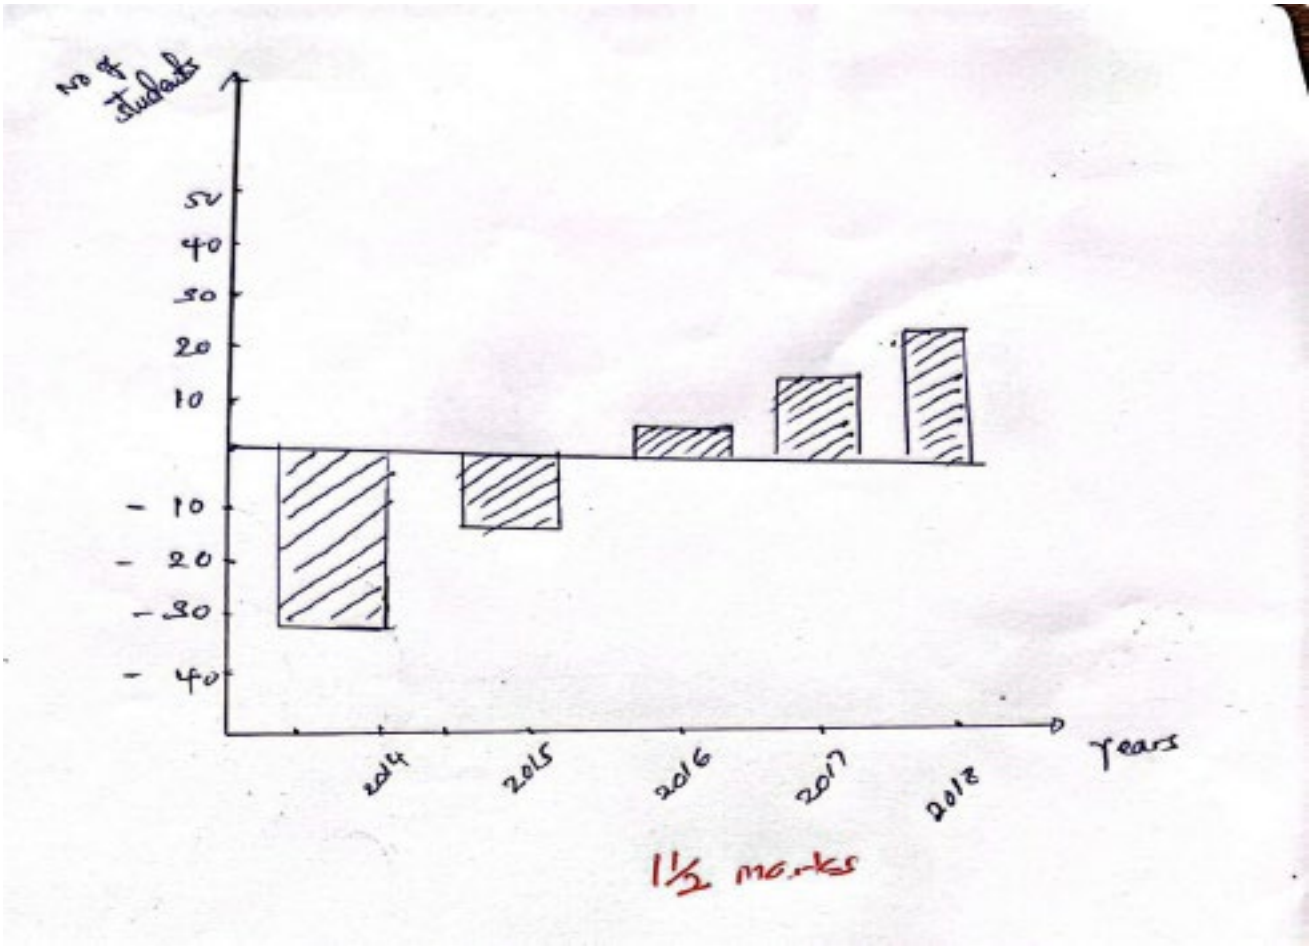

4. Marks distribution a) 5 marks and b) marks = total 09

a) Total 20+40+60+70+80=270 ……(0.5mark)
-Mean = 270/5 = 54 ……(1mark)

Year	Number of students	mean	Deviation
2014	20	54	-34
2015	40	54	-14
2016	60	54	6
2017	70	54	16
2018	80	54	26

……**(1mark)**

DIVERGENCE BAR GRAPH THAT SHOWS NUMBER OF STUDENTS FROM 2014-2018 …… (0.5mark)

b) Advantages

-it shows positive and negative values

- it is easy to read and interpret

Disadvantages

-it involves mathematical calculations

-it consume time ……(1mark@=4marks)

5. a) TITLE of the research

- REASONS FOR POVERTY IN KITWALE VILLAGE ……**(1mark)**

b) Tools used
- Observation
- Interview
- Focus group discussion ……**(3 marks)**

c) Fatuma may face;
- Illiteracy of responds
- Language barrier
- Poor cooperation ……(**3 marks)**

d) Objectives of research are;
- To find a solution of existed problem
- To expand knowledge
- To search for truth about the problem ……(**2 marks)**

6. a} SURVEYORS TEAM ……(1mark)

b) Pre-survey (reconnaissance) ……(1mark)

c) Objective- Preparation of tools ……(1mark)

d) Major discrepancies in survey

i. Systematic errors, (Commutative error); These are errors caused by expansion and contraction of steel band. Also can be occurred where the base line is not straight or the ranging rods are slight in zigzag position.
ii. Accidental Error or random error; They are result of lack of perfection of human eye or in the method and equipment used.
iii. Gross error; it can b e caused by carelessness or negligence of the surveyor. …….(**3marks)**

(e). Survey marking tools are
- Ranging poles
- Pegs
-Arrow ……**(3marks)**

7. (a) The feature is Delta =3 Marks

(b) Conditions necessary to its formation

i. There should be active erosion in the upper course and middle course so that the river can attain the large load.
ii. The velocity of the river in the mouth must be low to allow deposition of the load.
iii. The rivers load should be deposited faster than its removal by tides and wave.
iv. There should be a gently sloping land along the coast. **1.5@=6 marks.**

8. a) GROUND/HORIZONTAL PHOTOGRAPH **(1 mark)**
Evidence; - it shows only front view
- It covers small area
- Scale decrease from fore ground to background.

b) Harvesting coffee (2marks)

c) Kagera, Kilimanjaro and Mbeya (3@1=3 marks)

d) – Deep well drained soil (any 3@1= 3mark)
- Moderate temperature of 19^0 c to 27^0 c

- Enough rainfall 500mm-1500mm

SECTION C (30 Marks)

9. **Introduction 2 marks**

- Main body 2 marks @=12marks
- Conclusion 1mark TOTAL = 15 Marks

Main body
- Availability of raw material
- Availability of power supply
- Availability of transport and communication
- Availability of markets
- Availability of enough capital
- Availability of labour both skilled and unskilled

Conclusion; Any relevant summary

10. Introduction 2 marks

- Main body 2 marks@=12marks and
- Conclusion 1mark TOTAL = 15 Marks

Main body
- Relief
- Climate
- Vegetation

- Soil
- Pests and Diseases
- Transport and communication

Conclusion; Any relevant summary

11. Introduction 2 marks,

- Main body 2 marks@=12marks and
- Conclusion 1mark TOTAL = 15 Marks

Main body

- Environmental pollution
- Loss of biodiversity
- Soil degradation
- Desertification
- Flooding
- Acidic rain
- Drought

Conclusion; Any relevant summary
