SECTION B (70 Marks)

Question 3 (10 Marks)

a) Define ICT. **(2 marks)**

b) Explain four roles of ICT in society. **(8 marks)**

Question 4 (10 Marks)

a) Explain the meaning of ICT awareness**. (2 marks)**

b) Describe four ways ICT creates awareness in society. **(8 marks)**

Question 5 (10 Marks)

a) Define ICT-related crime. **(2 marks)**

b) Explain four ICT-related crimes. **(8 marks)**

Question 6 (10 Marks)

a) Differentiate between computer security and computer hazard. **(4 marks)**

b) Explain three security measures used to protect computer systems. **(6 marks)**

Question 7 (10 Marks)

a) Define web development. **(2 marks)**

b) State four uses of HTML. **(4 marks)**

c) Write the HTML tags used for:

i. Heading **(1 mark)**

ii. Paragraph **(1 mark)**
iii. Image **(1 mark)**
iv. Hyperlink **(1 mark)**

Question 8 (10 Marks)
a) Define web publishing. **(2 marks)**
b) Explain four steps involved in publishing a website. **(8 marks)**

Question 9 (10 Marks)
a) Define data processing. **(2 marks)**
b) Explain the five stages of the data processing cycle. **(5 marks)**
c) State three characteristics of good information. **(3 marks)**

SECTION C (15 Marks)

Question 10

Your school intends to launch an official website to improve communication with students, parents and the community. As an Information and Computer Studies student:
a) Explain five benefits of using ICT in promoting school activities. **(5 marks)**
b) Describe five security measures that should be implemented to protect the school website and its data. **(5 marks)**
c) Explain five steps involved in developing and publishing the school website. **(5 marks)**

- Creating web pages.
- Formatting web content.
- Creating hyperlinks.
- Displaying images.
- Creating tables.
- Creating forms.
- Embedding multimedia.
- Organizing website structure.

(c) HTML Tags (4 Marks)

Item	Answer
Heading	`<h1>` to `<h6>`
Paragraph	`<p>`
Image	`<img>`
Hyperlink	`<a>`

Question 8 (10 Marks)

(a) Define web publishing. (2 Marks)

Web publishing is the process of making a website available on the Internet.

(b) Explain four steps involved in web publishing. (8 Marks)

Award **2 marks** each.

Any four:

- Develop the website.
- Test the website.
- Register a domain name.
- Obtain web hosting services.
- Upload files to the web server.
- Test the live website.
- Maintain and update the website regularly.

Question 9 (10 Marks)

(a) Define data processing. (2 Marks)

Data processing is the process of converting raw data into meaningful information.

(b) Explain the five stages of the data processing cycle. (5 Marks)

Award **1 mark** each.

1. Data collection.
2. Data input.
3. Data processing.
4. Data output.
5. Data storage.

(c) State three characteristics of good information. (3 Marks)

Award **1 mark** each.

Any three:

- Accurate.
- Relevant.
- Complete.
- Reliable.
- Timely.
- Clear.
- Understandable.
- Accessible.

SECTION C (15 Marks)

Question 10

(a) Explain five benefits of using ICT in promoting school activities. (5 Marks)

Award **1 mark** each.

Any five:

- Faster communication.
- Online learning.
- Easy dissemination of announcements.
- Better record keeping.
- School marketing.
- Improved collaboration.
- Access to educational resources.
- Online registration and admission.
- Parent-teacher communication.

(b) Describe five security measures that should be implemented. (5 Marks)

Award **1 mark** each.

Any five:

- Strong passwords.
- Install antivirus software.
- Use firewalls.
- Regular backups.
- User access control.
- Software updates.
- Secure Wi-Fi network.
- Encrypt sensitive information.
- Physical protection of servers.

(c) Explain five steps involved in developing and publishing the school website. (5 Marks)

Award **1 mark** each.

Any five:

- Plan website objectives.
- Design web pages.
- Develop using HTML/CSS/other tools.
- Test website functionality.
- Register a domain name.
- Purchase web hosting.
- Upload files to the server.
- Publish the website.
- Maintain and update content regularly.
