THE CATHOLIC DIOCESE OF TANGA

TANGA CATHOLIC SECONDARY SCHOOLS UNION (TACASSU)

FORM FOUR JOINT PRE-NATIONAL EXAMINATION 1

036 INFORMATION AND COMPUTER STUDIES

MARKING SCHEME 2026

SECTION A (16 MARKS)

1. **Multiple choice** ***(01 mark @, total 10 marks)***

Qns	(i)	(ii)	(iii)	(iv)	(v)	(vi)	(vii)	(viii)	(ix)	(x)
Ans	B	C	C	C	B	A	C	D	B	C

wazaelimu.com

2. **Matching items** ***(01 mark @, total 06 marks)***

LIST A	(i)	(ii)	(iii)	(iv)	(v)	(vi)
LIST B	B	C	A	D	D	E

SECTION B (54 MARKS)

3.

(a) **Role of an ISP:** An ISP is a commercial company that provides infrastructure, data routing, and access pathways to link a local network to the global internet backbone.**(3 marks)**

(b) Three hardware performance specifications: **(3 marks)**

(i) Clock speed and core count of the Processor (CPU) measured in GHz.

(ii) Capacity of Random Access Memory (RAM) measured in GB.

(iii)Storage drive type and speed (e.g., Solid State Drive - SSD vs. Hard Disk Drive - HDD).

(c) **Cable identification: (3 marks)**

(i) USB Cable.

(ii) Fiber Optic Cable.

(iii)Twisted Pair / Ethernet Cable.

4. (a)

(i) Cybercrime **(2 marks)**

Illegal activities carried out using computers, networks or the internet.

Examples:

Hacking

Identity theft

Online fraud

(ii) Data Security **(2 marks)**

Protection of data against unauthorized access, modification, destruction or disclosure.

(iii)Authentication **(2 Marks)**

The process of verifying the identity of a user before granting access to a system.

(b)

(i) Malware is malicious software designed to damage, disrupt or gain unauthorized access to computer systems. **(1 mark)**

(ii) Examples of Malware **(2 Marks)**

Any two:

- Virus
- Worm
- Trojan Horse
- Spyware
- Ransomware
- Adware

5. (a) When there is a few numbers of audiences like in family meeting
   - When there is electricity problems
   - Nature of audience e.g. using electronic presentation in custom and norms based villagers in not affective.
   - When there is a need of practical demonstration e.g. presenting something that need practical/ real demonstration. ***(01 mark @, total 04 marks)***

   (b) **Qualities of good presenters**
   - **Appearance:** while presenting, make sure that you look smart and dress according to the nature of the presentation.
   - **Eye contact:** while presenting, make sure you maintain eye contact with your audience as much as possible.
   - **Facial expression:** a facial expression such as smiling is a powerful act that shows happiness, friendliness, warmth and liking. Smiling is often catching and can cause others to react favorably.
   - **Postures:** the way you position yourself while giving a presentation matters a lot. You should not stand still; you should rather talk and move.
   - **Proximity:** Proximity to an audience enables the presenter to make better eye contact and increases the opportunities for the audience to speak. If possible, avoid congested rooms. ***(01 mark @, total 05 marks)***

6. (a) Types of database users **(3 Marks)**

   Any three:

   Database Administrator (DBA)

   Responsible for managing and maintaining databases.

   Database Designer

   Designs database structure and relationships.

   End User

   Uses database to enter, retrieve and update information.

   (b) Steps in creating a table (6 Marks)

   Any six:

   (i) Open DBMS software.
   (ii) Create or open database.
   (iii) Select "Create Table".
   (iv) Define field names.
   (v) Specify data types.
   (vi) Set field properties.
   (vii) Define primary key.
   (viii) Save the table.

   @1 mark each × 6 = 6 marks

Total = 9 marks

7.

(a) **(a) Text Wrapping Definition & Application**: Text wrapping is a design setting that dictates how text flows dynamically around an image, chart, or visual box layout. **(2 Marks)** Applying this ensures paragraphs neatly frame or skip past graphics instead of overlapping them. **(1 Mark)**

(b) **(b) Distinction**: **Gutter Margin** adds extra space to the binding side of pages to prevent text from being hidden during book stitching **(1 Mark)**, while **Page Orientation** defines the physical direction of the page layout layout (Portrait vs. Landscape) **(1 Mark)**.

(c) **(c) Four Quality Layout Rules**: Use consistent font styles, maintain white space balancing to prevent eye strain, apply accurate contrast tones (dark text on clear backdrops), and use clear column formatting grids. **(4 Marks)**

8.

(a) **Current layout:** Ring Topology. **(1 Mark)**

(b) **Four upgrade factors: (4 narks)**

(i) The total cost of purchasing new cables and networking devices.
(ii) Physical layout, space availability, and structural limits of the building.
(iii)Required network speed, throughput, and operational data bandwidth.
(iv)Security needs and ease of troubleshooting when failures occur.

(c) **Recommendation:** Star Topology **(1 Mark)**. *Reason:* If one peripheral cable drops, only that single node disconnects; all other machines stay up. **(1 Mark)**

(d) **Four devices needed:** Switch/Hub, Twisted Pair (Cat6) cables, Network Interface Cards (NICs), and RJ-45 connectors. **(2 Marks)**

SECTION C (30 MARKS)

9. The negative impact to the environment…

- Introduction
- Good introduction *(01 ½ marks)*
- **Main body** *(03 marks @, total 12 marks)*

(i) Pollution during manufacturing
(ii) Excessive energy consumption
(iii)Depletion of resources
(iv)Toxic waste due to improper disposal of E-waste

- Conclusion *(01 ½ marks)*
- Good introduction

10. Six benefits of the internet in today's business.

- Introduction
- Good introduction *(01 ½ marks)*
- Main body *(02 marks@, total 12 marks)*

(i) Increased productivity
(ii) Cost savings
(iii) Enhanced communication

(iv) Expanded market reach
(v) Access to new technologies
(vi) Business automation
(vii) Improved customer service
(viii) Enhanced security
(ix) Flexible working
(x) **Reliable and secure connectivity.**
(xi) **Facilitation of Global E-Commerce (Electronic Commerce)**
(xii) **Instantaneous Communication and Collaboration**
(xiii) **Adoption of Cashless Financial Transactions**
(xiv)

- **Conclusion**
  - **Good conclusion** ***(01 ½ marks)***

11. Characteristics of a Good Website

Introduction (1 Mark)
Meaning of website or quality website.
Main Body (12 Marks)
Any six explained:
(i) User-friendly navigation.
(ii) Fast loading speed.
(iii) Responsive design.
(iv) Accurate and updated content.
(v) Attractive appearance.
(vi) Good security features.
(vii) Accessibility to users.
(viii) Compatibility with different browsers.
(ix) Clear contact information.
(x) Well-organized structure.
Any six × 2 marks = 12 marks

Conclusion (2 Marks)
Relevant conclusion.
Total = 15 Marks
