SECTIOIN A (15 MARKS)
Answer all questions from this section

Qn. 1
Choose the correct answer from (i) to (x)

(i) Which of the following is necessary for running application software?
A. Network card **B.** Utility program **C.** Graphical user interface. **D.** Operating system. **E.** System software

(ii) A computer network media that supports large volumes of data transfer is called
A. Network Interface Card **B.** Fiber optical cable **C.** Twisted pair cable **D.** Coaxial cable **E.** Network cable

(iii) Which function is used to enter current time in a worksheet cell?
A. =hour() **B.** =currentTime() **C.** =today() **D.** =time(). **E.** =now().

(iv) The spreadsheet that already includes labels and formulas is called
A. Template **B.** Macro **C.** Graphic **D.** Worksheet **E.** Workbook

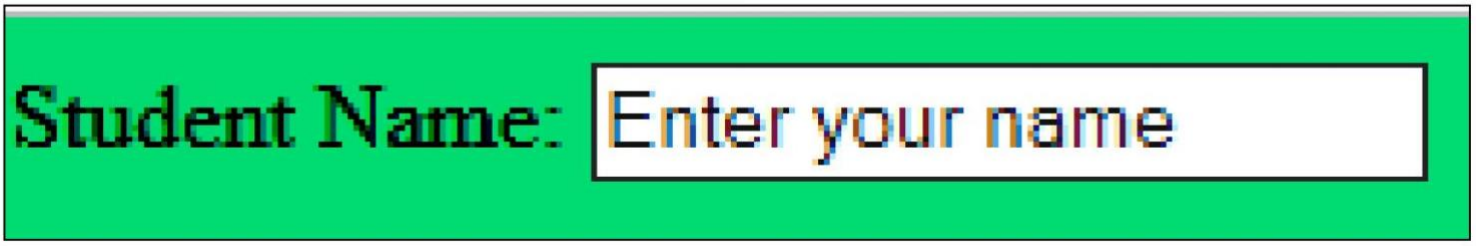

(v) The electronic pathways where Information travels between the CPU and other parts within the Motherboard is called
A. Link bus. **B**. Register bus **C.** Instructional bus. **D**. Line bus **E**. Data bus

(vi) The fraud which occurs when a fraudster uses a false or fake identity to gain access to an electronic service is called
A. Roaming **B.** Clip-on. **C.** Subscription **D.** Calling card. **E.** Superimposed

(vii) You were asked to prepare a presentation on the importance of studying the computer studies subject. What kind of software will you use to accomplish the task?
A. Microsoft Publisher **B.** Microsoft PowerPoint. **C.** Microsoft Word **D.** Microsoft Excel. **E.** Microsoft Access

(viii) Your school secretary wants to see thumbnails of all Microsoft Power Point slides for easily rearrangement. Which type of a view would you suggest to be used to accomplish the task?
A. Normal **B.** Reading. **C.** Outline. **D.** Notes page. **E.** Slide sorter

(ix) Which attribute led the display of default statement "Enter your name" appeared in the following HTML textbox?

A. Value **B**. Name **C**. Input **D**. Default **E.** Selected

(x) Form One students reported some school laboratory computers malfunctioning. The investigation of the reported problem revealed the failure of data transfer in the CPU. Which part caused the reported problem?
A. ALU **B.** CU. **C.** Memory. **D.** RAM. **E**. ROM

Qn.2

Match the functions of the text button alignments used in MS Excel in **List A** with their corresponding alignment in **List B.**

LIST A

(i) It aligns the cell contents to the top edge of the cell.

(ii) It aligns the cell contents to the right edge of the cell.

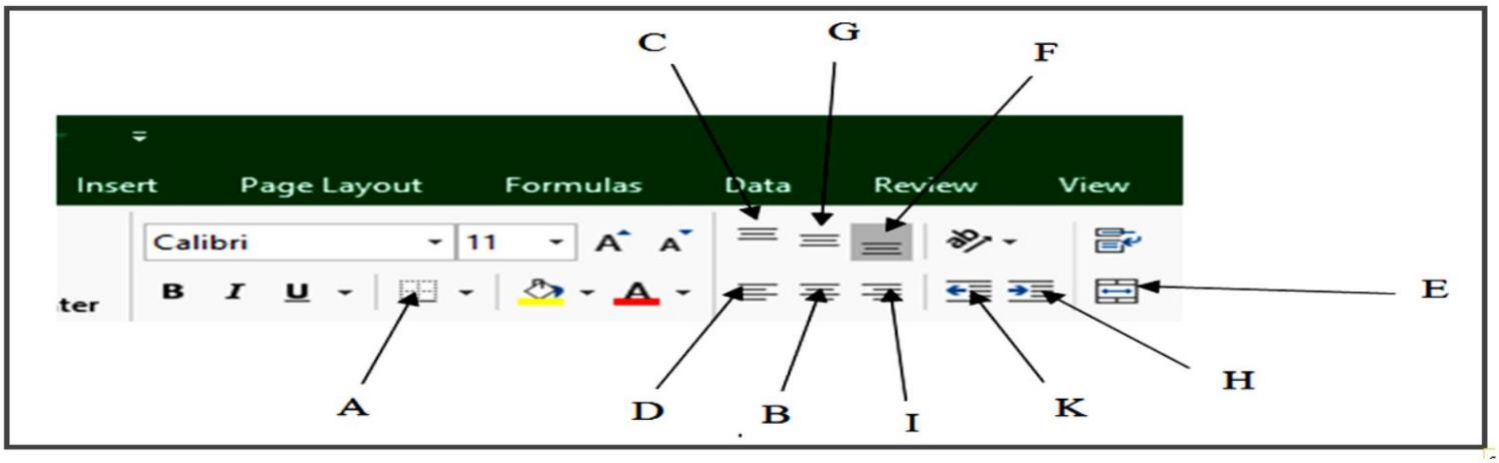

(iii) It aligns the cell contents to the left edge of the cell.

(iv) It centers the cell contents horizontally within the cell.

(v) It aligns the cell contents to the bottom edge of the cell.

(vi) It centers the cell contents vertically within the cell.

LIST B

SECTION B (54 Marks)

Answer all questions in this section

Qn.3

(a) What is the function of each of the given database objects?

(i) Form

(ii) Table relationship

(iii)Query

(iv)Report

(b) A mail order company selling plastic equipment's keeps details of its stock on a database. Part of the database is shown in the following table:

Code_Num	Colour	Speakers Power (W)	No.of CDs	Price (Tsh)
13416	Black	450	4	650000
13425	Silver	260	1	500000
13504	Silver	480	5	750000
14001	Black	100	3	110000
14005	Black	1000	4	900000
14010	Silver	240	6	350000

(i) Which field should be used as the key field?

(ii) Which code_Num data will be listed if the following search condition is applied? (speakers power>400) AND (No of CDs>4)

(iii) Write down a search condition to find all the equipment's Which are silver coloured or a price greater than 500,000/=

(iv) Write down the order of the Code_Num after the price (Tsh) field has been sorted in ascending order.

Qn.4

Form Six students of a certain school plan to capture a video during their graduation ceremony. However, they lack knowledge of processing their video and have asked you to assist them in editing the videos before compiling them into one flash disk.

(a) Explain five procedures you would use to accomplish the task

(5 marks)

(b) Explain two types of compression methods you may use to accomplish the goal.

(4 marks)

Qn.5

You have been assigned by the Computer Science (CS) teacher to prepare the students' magazine and submit it to his/her email addresses. When composing it, three fields named **To filed. CC field,** and **BCC field** appeared.

(a) Why the teacher opted such way of communication? Briefly explain by giving three reasons.

(3 marks)

(b) Explain the function of each field appeared during composing an e-mail.

(3 marks)

(c) Why is it important to use CC and BCC fields appropriately when sending emails?

(3 marks)

Qn.6

A seller prepared the following worksheet by using a spreadsheet program in order to monitor the sales of text books. Study the following worksheet carefully and then answer the questions that follow.

	A	B	C	D	E	F	G
1	Records of Textbook Sales						
2	Books	Selling Price	Number of Books Sold	Total Sales	Purchasing Price	Profit for Each	Total Profit
3	Mathematics	12000	12	144000	11020	980	
4	Biology	14300	34	486200	12732	1568	
5	History	9700	5	48500	8300	1400	
6	Geography	6500	32	208000	6237	263	
7	French	7400	4	29600	6892		2032
8	English	5800	27	156600	4948		
9							
10	Total number of books sold		114				
11							
12	Total sales value			1,072,900		Total profit	

(a) Which function can be applied in cell D12 to calculate the total sales?
(b) Give two advantages of using the functions in a worksheet.
(c) Use cell reference to write the formulae that will be used to calculate the total profit for French books stored in cell G7. Hint: (Profit for one item = Selling Price – Purchasing Price)
(d) Use any cell in the given worksheet as an example to differentiate absolute cell referencing from relative cell referencing.

Qn.7

Read the screenshot which given below then answer the questions that follows

NYANGALUKA ACCESSORIES COMPANY LTD

OFFICE PACKAGE SALE PRICE OF COMPUTER: Tshs. 2.0 Millions

Intel (R) Core (TM) i5-6200U 2.30 GHz

8.00 GB RAM

64-bit Operating system

250 GB Hard drive 7400 rpm

21" LCD Monitor

MS-DOS

Laser printer 14 ppm

(a) What is the name of a processor available at Nyangaluka Company?
(b) What are the sizes of primary memory and secondary memory offered by a company?
(c) Assume you have requested a member of Nyangaluka Company to install for you Window 7 instead of UNIX operating system. What four benefits do you expect to get on the use of such operating system?

Qn.8

(a) Differentiate bound transmission media from unbound transmission media by giving three examples for each category.
(b) Deploying Fiber Optical cable for computer network in recent Technology is inevitable". Justify this statement by giving three reasons.

SECTION C (30 Marks)

Answer **two (2)** questions from this section.

Qn.9

Why most of newspapers developers prefer to use desktop publishers than other programs? Explain by giving five points.

(15 marks)

Qn.10

Recently, most organizations opt to use the computer technology instead of human being in their various operations. Using five points, explain the reasons for their choices.

(15 marks).

Qn.11

Explain five factors that affect the Speed of Internet connections.

(15 marks)
