- Fast delivery of information – The magazine can be sent instantly to all recipients.
- Cost-effective – No printing or transport costs are involved.
- Easy distribution to many recipients – The same magazine can be sent to multiple students at once.

- ❖ Allows attachment of files – The magazine can be attached as a document (PDF, Word, etc.).
- ❖ Provides record keeping – Sent emails can be saved for future reference.
- ❖ Environmentally friendly – Reduces paper usage.

4. (b) Functions of the fields when composing an email **(3 marks)**

"To" Field

- Used to enter the **main recipient's email address**.
- The person in this field is the **primary receiver** of the message.
- Indicates who the message is directly addressed to.
- Multiple main recipients can be added.
- All recipients can see the addresses entered in this field.

"CC" (Carbon Copy) Field

- Used to send a copy of the email to **additional recipients**.
- These recipients are **not the main audience**, but need the information.
- All recipients can see who has been CC'd.
- Promotes transparency in communication.
- Useful for keeping supervisors or team members informed.

"BCC" (Blind Carbon Copy) Field

- Sends a copy of the email to other recipients **without others seeing their addresses**.
- Protects privacy of recipients.
- Prevents misuse of email addresses.
- Useful when sending to a large group.
- Avoids "reply all" responses from hidden recipients.

5. Steps to follow:

Cloud storage is a service that allows users to store data and files on remote servers accessed through the internet instead of saving them on a local computer or hard drive.

8. (b) Three examples of cloud storage services (3 marks)

- **Google Drive**
  Allows users to store, share, and edit files online.Provides free and paid storage options.
- **Dropbox**
  Enables file storage, backup, and file sharing across devices.
- **OneDrive**
  Microsoft's cloud storage service that integrates with Microsoft Office tools.
- **iCloud**
- **Box**
- **Mega**
- **pCloud**

8. (c) How cloud storage is useful for students and teachers (4 marks)

- Easy access to files
- File sharing and collaboration
- Data backup
- Supports group work
- Automatic saving and sharing of assignments
- Reduces dependence on physical storage
- Secures academic data against loss (5 marks)

SECTION C: ESSAY QUESTIONS (30 MARKS)

9. Seven advantages of using multimedia in web designing (15 marks)

i. Attracts attention
ii. Improves understanding
iii. Enhances user engagement
iv. Improves communication effectiveness
v. Supports branding and marketing.
vi. Increases website traffic
vii. Encourages interactivity
viii. Enhances user experience (UX)
ix. Improves information retention
x. Makes websites more professional

10. Why newspaper developers prefer desktop publishing software five points (15 marks)

Most newspaper developers use **desktop publishing (DTP) software** because it offers powerful tools for designing, formatting, and producing professional-quality publications. Here are ten reasons:

i. **Precise Layout Control** – Allows exact positioning of text, images, and graphics on a page.
ii. **Professional Design** – Produces high-quality, print-ready pages with attractive layouts.
iii. **Multiple Page Management** – Supports working with multi-page documents efficiently.
iv. **Integration of Text and Graphics** – Combines text, images, charts, and tables in one document.
v. **Predefined Templates** – Provides templates for newspapers, magazines, and newsletters to save time.
vi. **Custom Fonts and Styles** – Supports various fonts, colors, and text effects for creative design.
vii. **Easy Editing** – Allows quick modifications to text, images, or page layout without starting over.
viii. **Printing and Publishing Options** – Supports high-resolution printing and digital publication formats.
ix. **Automation Features** – Includes features like auto-pagination, spell check, and text wrapping for efficiency.
x. **Consistency Across Pages** – Maintains uniform design, headers, footers, and styles throughout the newspaper.

11. Five advantages of using computers and other devices connected to a network in an organization:

- ✓ Resource Sharing.
- ✓ File and Data Sharing
- ✓ Fast Communication
- ✓ Centralized Data Management
- ✓ Improved Data Security
- ✓ Centralized Backup and Recovery
- ✓ Remote Access
- ✓ Cost Savings
- ✓ Improved Collaboration
- ✓ Scalability and Expansion
